

REMARKS/ARGUMENTS:

This Amendment is in response to the Office Action mailed 11/28/03. Applicant notes with appreciation the resetting of the time for response in replying to this office action in view of the misplacement by the PTO of the previously submitted Power of Attorney. By said Action, the drawings and disclosure were objected to because of inadvertencies and informalities. By this amendment, the specification has been amended to obviate the objections.

The word "simple" in the replacement paragraph for page 11 of the specification was a typographical error, which has been changed to -- single --.

Page 13 of the specification has been amended to correct some typographical errors. In particular, the reference number "30" was a typographical error, thus, it has been changed to -- 31 --. By this amendment, the element 31 shown in FIG. 3A is properly described in the specification. Therefore, it is requested that the Examiner's objection to the drawings be withdrawn.

In view of the foregoing Amendment and remarks, it is respectfully urged that all pending claims are in condition for allowance, and such action as well as passage of this case to issue is respectfully requested.

If the Examiner has any further questions, or believes that a telephone interview would be helpful to the advancement of the prosecution of the subject application, a telephone call to the undersigned would be appreciated.

Respectfully submitted,

LAWRENCE N. GINSBERG,
Attorney for Applicant, Reg. No. 30,943
